(b) Neither the execution and delivery of this Project Agreement, the consummation of the transactions contemplated hereby nor the fulfillment of or compliance with the provisions of this Project Agreement will to the best of the Company's knowledge conflict with or result in a breach of any of the terms, conditions or provisions of any restriction or any agreement or instrument to which the Company is a party or by which it is bound, or will constitute a default under any of the foregoing, or result in the creation or imposition of any lien of any nature upon any of the property of the Company under the terms of any such instrument or agreement.

(c) The Facility and the operation thereof will conform in all material respects with all applicable zoning, planning, and building laws and regulations of governmental authorities having jurisdiction over the Facility, and the Company shall defend, indemnify and hold the Agency harmless from any liability or expenses resulting from any failure by the Company to comply with the provisions of this Section 2.1(c).

The purpose of the Financial Assistance with respect to the Project is to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing of the Facility, to advance job opportunities, health, general prosperity and economic welfare of the people of Tompkins County, New York, and to specifically promote the investment commitment, employment commitment, and other commitments of the Company contained herein and in the Company's Application.

ARTICLE IV.
FINANCIAL ASSISTANCE AND RECAPTURE OF BENEFITS

Section 4.1 In accordance with the Resolution and the Cost-Benefit Analysis (or such other equivalent document or report, as determined by the Agency) (the "CBA"), attached hereto as **Exhibit A**, disclosed by the Agency at its public hearing for the Project (the "Public Hearing"), the Company further: (i) covenants, with respect to the Sales Tax Exemption (as defined in Section 4.3(d) hereof), that it shall comply with this Project Agreement, specifically, but not limited to, Section 4.3 hereof; and (ii) confirms that real property tax abatement to be provided to

the Company shall conform to those disclosed within the CBA at the Public Hearing for the Project and as contained within the Tax Agreement, the terms of which Tax Agreement shall comply with the Agency's Uniform Tax Exemption Policy (the "UTEP"). If the terms of the Tax Agreement deviate from the UTEP, the Agency has or will comply with procedures for deviation from the UTEP.

Section 4.2 Tax Agreement. The parties hereto have executed or will execute the Lease Agreement, the Leaseback Agreement and the Tax Agreement. As provided in the Tax Agreement, the Company agrees to certain payments (as described in the Tax Agreement) in addition to paying all special ad valorem levies, special assessments or special district taxes and service charges against real property in the jurisdiction where the Facility is located.

Section 4.3 Sales Tax Exemption.

(a) The Agency hereby appoints and confirms its appointment of the Company as the true and lawful agent of the Agency to undertake the Project. Such appointment was made by the Agency pursuant to the Resolution and this Project Agreement.

(b) The Company, as agent of the Agency, will undertake the Project. The Company hereby agrees to limit its activities as agent of the Agency under the authority of the Resolution to acts reasonably related to the acquisition, construction and equipping of the Facility. The right of the Company to act as agent of the Agency shall expire on the earlier of (x) the completion of the Project, or (y) **December 31, 2022** ("Termination Date"); provided, however, that the Agency, through its Administrative Director, may extend the Company's agent appointment at its discretion upon the written request of the Company if such activities and improvements are not completed by such time, and further provided that the Agency shall not unreasonably withhold its consent to the extension of such appointment.

(c) Agency's Exempt Status. The Agency constitutes a corporate governmental agency and a public benefit corporation under the laws of the State of New York, and therefore, in the exercise of its governmental functions, is exempt from the imposition of Sales and Use Taxes. As an exempt governmental entity, no exempt organization identification number has been issued to the Agency nor is one required. Notwithstanding the foregoing, the Agency makes no representation to the Company, any Agent (as defined in **Schedule C** attached hereto) or any third party that any Sales Tax Exemption is available under this Project Agreement.

(d) Scope of Authorization of Sales Tax Exemption. The Agency hereby authorizes the Company, subject to the terms and conditions of this Project Agreement, to act as its agent in connection with the Project for the purpose of effecting purchases and leases of certain items so that such purchases and leases are exempt from the imposition of Sales and Use Taxes (the "Sales Tax Exemption"). The Agency's authorization with respect to such Sales Tax Exemption provided to the Company and its Agents pursuant to this Project Agreement shall be subject to the following limitations:

(i) The Sales Tax Exemption shall be effective only for a term commencing on the date hereof and expiring upon the earliest of (A) the termination of this Project Agreement, (B) the Termination Date, (C) failure of the Company to file

Form ST-340, as described in Section 4.5 below, (D) the termination of the Sales Tax Exemption authorization pursuant to Section 6.2 or (E) the date upon which the Company received the Maximum Sales Tax Exemption (as defined in **Schedule A** attached hereto).

(ii) The Sales Tax Exemption authorization set forth herein shall automatically be suspended upon written notice to the Company that the Company is in default under this Project Agreement (or related document) until such default is cured to the satisfaction of the Agency.

(iii) The Sales Tax Exemption authorization shall be subject to all of the terms, conditions and provisions of this Project Agreement.

(iv) The Sales Tax Exemption shall only be utilized for items which shall be purchased, incorporated, completed or installed for use only by the Company at the Facility or in connection with the Project (and not with any intention to sell, transfer or otherwise dispose of any such item to a Person as shall not constitute the Company), it being the intention of the Agency and the Company that the Sales Tax Exemption shall not be made available with respect to any item unless such item is used solely by the Company at the Facility or in connection with the Project.

(v) The Sales Tax Exemption shall not be used to benefit any person or entity, including any tenant or subtenant located at the Facility, other than the Company, without the prior written consent of the Agency.

(vi) By execution by the Company of this Project Agreement, the Company agrees to accept the terms hereof and represents and warrants to the Agency that the use of the Sales Tax Exemption by the Company or by any Agent is strictly for the purposes stated herein.

(vii) Upon the Termination Date, the Company and each Agent shall cease being agents of the Agency, and the Company shall immediately notify each Agent in writing of such termination.

(viii) The Company agrees that the aggregate amount of Sales Tax Exemption realized by the Company and by all Agents of the Company, if any, in connection with the Facility shall not exceed in the aggregate the Maximum Sales Tax Exemption.

Section 4.4 Procedures for Appointing Subagents. If the Company desires to seek the appointment of a contractor, a subcontractor or other party to act as the Agency's agent, including, but not limited, to the individuals and entities described on **Schedule B** attached hereto (a "Subagent") for the purpose of effecting purchases which are eligible for the Sales Tax Exemption pursuant to authority of this Project Agreement, it must complete the following steps:

(i) The Company shall have the right to amend **Schedule B** from time to time and shall be solely responsible for maintaining an accurate list of all parties acting as agent for the Agency. The Company's right to appoint Subagents is expressly

conditioned upon updating of **Schedule B** attached hereto, along with, for each Subagent, the Company must complete and submit Form ST-60 to the Agency, attached hereto as **Exhibit B**. An Authorized Representative of the Agency (as defined in **Schedule A** attached hereto) must sign the Form ST-60 and return the same to the Company. Following receipt of the signed Form ST-60, the Company must file such Form ST-60 within thirty (30) days of the date that the Agency appoints a project operator or other person or entity to act as a Subagent of the Agency for purposes of extending a the Sales Tax Exemption to such Subagent. The Company acknowledges and agrees that it shall be the Company's sole and exclusive responsibility to file a completed Form ST-60 with respect to any Subagent and the failure to timely do so could result in an Event of Default and Recapture Event (as hereinafter defined).

(ii) The Company shall ensure that each Subagent shall observe and comply with the terms and conditions of this Project Agreement.

(iii) Form ST-60 Not an Exemption Certificate. The Company acknowledges that the executed Form ST-60 designating the Company or any Subagent as an agent of the Agency shall not serve as a Sales Tax Exemption certificate or document. Neither the Company nor any other Agent may tender a copy of the executed Form ST-60 to any person required to collect sales or use tax as a basis to make such purchases exempt from tax. No such person required to collect sales or use taxes may accept the executed Form ST-60 in lieu of collecting any tax required to be collected. THE CIVIL AND CRIMINAL PENALTIES FOR MISUSE OF A COPY OF FORM ST-60 AS AN EXEMPTION CERTIFICATE OR DOCUMENT OR FOR FAILURE TO PAY OR COLLECT TAX SHALL BE AS PROVIDED IN THE LAW. IN ADDITION, THE USE BY A SUBAGENT, THE COMPANY, OR OTHER PERSON OR ENTITY OF SUCH FORM ST-60 AS AN EXEMPTION CERTIFICATE OR DOCUMENT SHALL BE DEEMED TO BE, UNDER ARTICLES TWENTY-EIGHT AND THIRTY-SEVEN OF THE NEW YORK STATE TAX AND FINANCE LAW (THE "TAX LAW"), THE ISSUANCE OF A FALSE OR FRAUDULENT EXEMPTION CERTIFICATE OR DOCUMENT WITH THE INTENT TO EVADE TAX.

(iv) Form ST-123 Requirement. As an agent of the Agency, the Company agrees that it will, and will cause each Subagent to, present to each seller or vendor a completed and signed Form ST-123, attached hereto as **Exhibit C-1**, for each contract, agreement, invoice, bill or purchase order entered into by the Company or by any Subagent, as agent for the Agency, for the purpose of undertaking the Project. Form ST-123 requires that each seller or vendor accepting Form ST-123 identify the Facility on each bill or invoice for purchases and indicate on the bill or invoice that the Agency or Agent or Company, as project operator of the Agency, was the purchaser. For the purposes of indicating who the purchaser is, each bill or invoice should state:

"I, NSF ENFIELD SITE 1, LLC [OR, NAME OF SUBAGENT: _____], certify that I am a duly appointed agent of the TOMPKINS COUNTY INDUSTRIAL DEVELOPMENT AGENCY, and that I am purchasing the tangible personal property or services for use in the NSF Enfield Site

1, LLC Project located at Applegate Road S. in the Town of Enfield, Tompkins County, New York, being IDA OSC Project Number 5003-21-04A."

For the purpose of convenience, in the instance where the vendor does not print on each invoice the acknowledgment as described in the prior sentence, an "Invoice Rider" (a copy of which is attached hereto as **Exhibit C-3**) can be utilized for record keeping purposes. The Company shall retain copies of all such contracts, agreements, invoices, bills and purchase orders for a period of not less than six (6) years from the date thereof. For each Subagent the Form ST-123 shall be completed as follows: (i) the "Project information" section of Form ST-123, attached hereto as **Exhibit C-2**, should be completed using the name and address of the Facility as indicated on the Form ST-60 used to appoint the Subagent; (ii) the date that the Subagent was appointed as indicated on the Form ST-60.

All contracts entered into by the Company and all Subagents thereof as agent for the Agency shall include the language contained within **Schedule C** attached hereto. **Failure by the Company and/or any Subagent thereof to include such language may disqualify the agent status and Sales Tax Exemption derived by virtue of this Project Agreement. The Company, for itself and on behalf of all duly appointed Subagents, hereby agrees that all contracts entered into by the Company and any Subagents thereof shall be available to the Agency for inspection and confirmation of the foregoing mandatory language.**

Section 4.5 Form ST-340 Filing Requirement. The Company shall annually file a statement with the State Department of Taxation and Finance (the "Commissioner") on NYS Form ST-340, entitled "Annual Report of Sales and Use Tax Exemptions" (a copy of which is attached hereto as **Exhibit D**) regarding the value of Sales Tax Exemption the Company and its Subagents, if any, have claimed pursuant to the agency conferred on the Company with respect to the Project in accordance with General Municipal Law Section 874(8). **Please note, the Company is to report only the Sales Tax Exemption derived as a result of the Agency's participation in the Project and not those received as a result of other available State exemptions. For the avoidance of doubt, other State exemptions, which the Company should not report on its NYS Form ST-340, include, but are not limited to, exemptions available to certain manufactures or those exemptions that apply to capital improvements.** On or before February 15th of each year, the Company shall provide a copy of same to the Agency. The Company understands and agrees that the failure to file such annual statement will result in the removal of the Company's authority to act as agent for the Agency and/or Recapture of Agency Benefits as described in Section 4.8 hereof.

Section 4.6 GML Provisions Relating to Sales Tax Savings.

(a) The Company covenants and agrees to comply, and to cause each of its contractors, subcontractors, Subagents, persons or entities to comply, with the requirements of GML Sections 875(1) and (3) (the "GML Provisions"), as such provisions may be amended from time to time. In the event of a conflict between the other provisions of this Project Agreement and the GML Provisions, the GML Provisions shall control.

(b) The Company acknowledges and agrees that pursuant to GML Section 875(3), the Agency shall have the right to recover, recapture, receive, or otherwise obtain from the Company, Sales Tax Savings (as defined in **Schedule A** attached hereto) taken or purported to be taken by the Company, any Subagent or any other person or entity acting on behalf of the Company to which the Company is not entitled or which are in excess of the Maximum Sales Tax Exemption or which are for property or services not authorized or taken in cases where the Company, any Subagent or any other person or entity acting on behalf of the Company failed to comply with a material term or condition to use property or services in the manner required by this Project Agreement. The Company shall, and shall require each Subagent and any other person or entity acting on behalf of the Company, to cooperate with the Agency in its efforts to recover, recapture, receive, or otherwise obtain such Sales Tax Savings and shall promptly pay over any such amounts to the Agency or any other entity that it requests. The failure to pay over such amounts to such recipient shall be grounds for the Commissioner to assess and determine State Sales and Use Taxes due from the Company as defined and imposed under Article 28 of the Tax Law, together with any relevant penalties and interest due on such amounts.

Subject to the provisions of Section 4.6(b) above, in the event that the Company or any Subagent shall utilize the Sales Tax Exemption in violation of the provisions of this Project Agreement, the Company shall promptly deliver notice of same to the Agency, and the Company shall, upon demand by the Agency, pay to or at the direction of the Agency a return of sales or use tax exemptions in an amount equal to all such unauthorized Sales Tax Savings together with interest at the rate of two percent (2%) in excess of the Prime Rate per annum beginning on the date and with respect to the dollar amount for which each such unauthorized Sales Tax Exemption was availed of by the Company or any Subagent (as applicable).

(c) Upon request by the Agency with reasonable notice to the Company, the Company shall make available at reasonable times to the Agency and/or the Independent Accountant all such books, records, contracts, agreements, invoices, bills or purchase orders of the Company and any Agent, and require all appropriate officers and employees of the Company to respond to reasonable inquiries by the Agency and/or the Independent Accountant (as defined in **Schedule A** attached hereto), as shall be necessary (i) to indicate in reasonable detail those costs for which the Company or any Subagent shall have utilized the Sales Tax Exemption and the dates and amounts so utilized, and (ii) to permit the Agency to determine any amounts owed by the Company under this Section 4.6(c).

Section 4.7 Reserved.

Section 4.8 Recapture of Agency Benefits.

(b) The term "Recaptured Benefits" shall mean all direct monetary benefits, tax exemptions and abatements and other financial assistance, if any, derived solely from the Agency's participation in the transaction contemplated by this Project Agreement including, but not limited to, the amount equal to 100% of:

(iii) The Company receives Sales Tax Savings in connection with the Project in excess of the Maximum Sales Tax Exemption; provided, however, that the foregoing shall constitute a Recapture Event with respect to such excess Sales Tax Savings only. It is further provided that failure to repay the Sales Tax Savings within thirty (30) days after written demand from the Agency to the Company shall constitute a Recapture Event with respect to all Recapture Benefits; or

(e) In the event any payment owing by the Company under this Section shall not be paid on demand by the Agency, such payment shall bear interest from the date of such demand at a rate equal to one percent (1%) plus the Prime Rate, but in no event at a rate higher than the maximum lawful prevailing rate, until the Company shall have made such payment in full, together with such accrued interest to the date of payment, to the Agency (except as otherwise specified above).

(a) the failure by the Company to observe and perform any covenant contained in Sections 2.1(g) (Retail Sales Limitation), 2.1(i) (Company Existence), 4.3 (Sales Tax Exemption), 4.5 (Form ST-340 Filing Requirement), 5.1 (Insurance Requirements), 5.2 (Additional Insurance Requirements), 7.1 (Hold Harmless) and 7.6 (Agency Fees) and such failure shall have continued for a period of thirty (30) days after the Agency gives written notice to the Company, specifying that failure and stating that it be remedied, or in the case of any such default which can be cured with due diligence but not within such thirty (30) day period, the Company's failure to proceed promptly to cure such default and thereafter prosecute the curing of such default with due diligence;

(b) the failure by the Company to pay the Recapture Benefits on the date due and such failure shall have continued for a period of ten (10) days after the Agency gives written notice of such failure to the Company;

(c) the occurrence and continuation of a Recapture Event and such failure shall have continued for a period of thirty (30) days after the Agency gives written notice to the Company, specifying that failure and stating that it be remedied, or in the case of any such default which can be cured with due diligence but not within such thirty (30) day period, the Company's failure to proceed promptly to cure such default and thereafter prosecute the curing of such default with due diligence;

(d) the dissolution or liquidation of the Company; or the failure by the Company to release, stay, discharge, lift or bond within one-hundred twenty (120) days any execution, garnishment, judgment or attachment of such consequence as may impair its ability to carry on its operations; or the failure by the Company generally to pay its debts as they become due; or an assignment by the Company for the benefit of creditors; or the commencement by the Company (as the debtor) of a case in bankruptcy or any proceeding under any other insolvency law; or the commencement of a case in bankruptcy or any proceeding under any other insolvency law against the Company (as the debtor), wherein a court having jurisdiction over the Project enters a decree or order for relief against the Company as the debtor, or such case or proceeding is consented to by the Company or remains undismissed for one-hundred twenty (120) days, or the Company consents to or admits the material allegations against it in any such case or proceeding; or a trustee, receiver or agent (however named) is appointed or authorized to take charge of substantially all of the property of the Company for the purpose of enforcing a lien against such property or for the purpose of general administration of such property for the benefit of creditors.

Section 6.2 Remedies on Default.

(a) Whenever any Event of Default shall have occurred and be continuing, the Agency may take, to the extent permitted by law, any one or more of the following remedial steps:

(i) declare, by written notice to the Company, to be immediately due and payable, whereupon the same shall become immediately due and payable: (A) all

due and owing Recapture Benefits and (B) all other payments due under this Project Agreement; or

(ii) terminate this Project Agreement and the Sales Tax Exemption authorization; or

(iii) take any other action at law or in equity which may appear necessary or desirable to collect the payments then due or thereafter to become due hereunder, and to enforce the obligations, agreements and covenants of the Company under this Project Agreement.

(b) No action taken pursuant to this Section 6.2 (including termination of the Project Agreement) shall relieve the Company from its obligation to make all payments required by the Leaseback Agreement, the Tax Agreement or Recapture Benefits.

Section 6.3 Remedies Cumulative. No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and in addition to every other remedy given under this Project Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right and power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Agency to exercise any remedy reserved to it in this Article VI it shall not be necessary to give any notice, other than such notice as may be herein expressly required in this Project Agreement.

Section 6.4 Agreement to Pay Attorneys' Fees and Expenses. In the event the Company should default under any of the provisions of this Project Agreement and the Agency should employ attorneys or incur other expenses for the collection of amounts payable hereunder or the enforcement of performance or observance of any obligations or agreements on the part of the Company herein contained, the Company shall, within thirty (30) days of written demand therefor, pay to the Agency the fees of such reasonable attorneys and such other expenses actually incurred.

COST BENEFIT ANALYSIS

NSF Enfield Solar Sites 1, 2, & 3 – Community Benefits Overview

5/12/21

Project Overview

Norbut Solar Farms is proposing the construction of three separate 5-Megawatt AC Community Distributed Generation (CDG) photovoltaic arrays on 157 acres, or 62%, of a 252.54-acre parcel on Applegate Road in the Town of Enfield.

Commercial and residential customers who purchase electricity from NYSEG will be able to purchase "green" solar energy at a discount without investing in their own systems. The combined annual savings on electricity and delivery charges on an estimated mix of 40% residential and 60% commercial customer bills could amount to $80,000-$100,000 a year in savings, or over $2,000,000 over the life of the project.

The IDA's standard solar PILOT is range of $4,200-$4,800 per megawatt with a 2% annual increase for 25 years. The applicant is requesting a deviation from this policy, suggesting a PILOT payment in year one of $3,000 per megawatt plus a host community agreement of $1,200 paid directly to the Town of Enfield – both amounts to increase 2% per year for 30 years. The applicant addresses this request in a cover letter accompanying the applications for the three projects.

Estimated town, county and school district taxes paid on the entire 252.54-acre parcel last year was $19,682. It is expected that 32% of the parcel will remain vacant and taxable (i.e. not part of the solar project PILOT) and could pay an estimated $7,479 in property taxes in addition to the $45,000 paid under the PILOT, for an increase in property taxes of approximately $32,000 in year one.

A letter from the Town of Enfield supporting the IDA delivering a PILOT for this project is currently included in the application materials. The Town is also receptive to receiving the suggested host community agreement amount of $1,200 per megawatt per year.

Cost-Benefit Analysis

- Extent to which project would create and/or retain private sector jobs – There will be no on-site direct jobs as a result of this project. There will be an estimated 50-70 constructions workers including electricians, civil engineers, access road construction crews and landscapers, with salaries ranging from $40,000-$60,000.
- Estimated value of tax exemption – The project is not financially feasible with the current valuation method in place in NYS for assessing solar projects. The estimated tax payment could be as high as $400,000 and does not take into account the declining value of the solar 'improvement' over time. IDA's all over NYS have stepped in to support solar development and provide a reasonable, predictable payment structure. The proposed PILOT yields an estimated $32,000 in new tax payments in year one that would not be realized if this project does not move forward.

- Estimate of private sector investment to be generated by the project – $20,100,000

- Likelihood of completing project in a timely manner – over $406,000 in predevelopment costs have already been expended. A 25% interconnection deposit of $97,991 was made in April. Town approvals have been secured. SEQR is in process. The applicant company has over 100 mw of solar in development, construction and operation across New York State.

- Extent to which project would generate additional sources of revenue for local taxing jurisdictions – local fire district taxes will be paid based on the as built assessment, generating more in tax revenue than the current $980 per year paid based on the value of the vacant parcels. New district fire taxes could be as much as $24,000 per year. A $1,200 host community agreement payment with a 2% increase for 30 years is proposed to be paid annually to the Town of Enfield.

- Other benefits that might result from the project:

  Indirect Spending – construction phase spending is estimated at $400,000-$600,000 on food, lodging, fuel, entertainment and amenities for construction workers.

  Renewable Energy Generation – The project will reduce carbon emissions by providing renewable energy generation. The project supports the New York State goals to transition to renewable energy sources and the County's carbon emission reduction goals.

Instructions

To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

Agent or project operator sales tax ID number — If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter ***N/A***.

Industrial development agencies and authorities (IDAs) are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1116(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

Example 1: *IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*

Example 2: *IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in* Example 1. *Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

A. Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.

B. Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.

C. Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A $50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority,* if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability,* for more information.

To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You **must** identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

Instructions

To the purchaser

You may use Form ST-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from sales and use tax as described in the IDA contract.

You may use Form ST-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

Agent or project operator sales tax ID number — If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter ***N/A***.

Industrial development agencies and authorities (IDAs) are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases, in accordance with Tax Law section 1116(a)(1). However, IDAs do not normally make direct purchases for projects. Commonly, IDAs instead appoint a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax.

Example 1: *IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment necessary for completion of the project, as agent for the IDA. Contractor X rents a backhoe and a bulldozer for site preparation, purchases concrete and lumber to construct a building, and purchases machinery to be installed in the building. All these purchases by contractor X as agent of the IDA are exempt from tax.*

Example 2: *IDA agreement with its agent or project operator states that contractor X may make all purchases of materials and equipment to be incorporated into the project, as agent for the IDA. Contractor X makes the same purchases as in* Example 1. *Since the concrete, lumber, and machinery will actually be incorporated into the project, contractor X may purchase these items exempt from tax. However, rental of the backhoe and bulldozer is not exempt since these transactions are normally taxable and the IDA agreement does not authorize contractor X to make such rentals as agent of the IDA.*

A contractor or subcontractor not appointed as agent or project operator of an IDA must present suppliers with Form ST-120.1, *Contractor Exempt Purchase Certificate*, when making purchases that are ordinarily exempt from tax in accordance with Tax Law sections 1115(a)(15) and 1115(a)(16). For more information, see Form ST-120.1.

Exempt purchases

To qualify, the purchases must be made within the authority granted by the IDA and used to complete the project (not to operate the completed project).

A. Mark box A to indicate you are purchasing tangible personal property and services (other than utility services and motor vehicles or tangible personal property installed in a qualifying motor vehicle) exempt from tax.

B. Mark box B to indicate you are purchasing certain consumer utility services used in completing the project exempt from tax. This includes gas, electricity, refrigeration, and steam; and gas, electric, refrigeration, and steam services.

C. Mark box C to indicate you are purchasing a motor vehicle or tangible personal property related to a qualifying motor vehicle exempt from tax.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A $50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority,* if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability,* for more information.

To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You **must** identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

General information

Who must file

The General Municipal Law (GML) and the Public Authorities Law require the agent/project operator (also known as the *project occupant*) of an Industrial Development Agency or Authority (IDA) to file an annual report with the Tax Department. The agent/project operator required to file this report is the person **directly** appointed by the IDA to act for and to represent the IDA for the project. The agent/project operator is ordinarily the one for whom the IDA project was created.

There is usually only one agent/project operator directly appointed by the IDA for an IDA project. However, if the IDA directly appoints multiple agents/project operators, each agent/project operator must file this form (unless they are related corporations).

Only the agent/project operators directly appointed by the IDA must file Form ST-340. Contractors, subcontractors, consultants, or agents appointed by the agent/project operators should **not** themselves file Form ST-340. However, the agent/project operators must include on Form ST-340 information obtained from such contractors, subcontractors, consultants, and agents, as described below.

What you must report

The report must show the **total value** of all state and local **sales and use taxes exempted** during the calendar year, as a result of the project's designation as an IDA project. This includes:

- the value of the exemptions the agent/project operator (you) obtained; and
- the value of the exemptions obtained by your contractors, subcontractors, consultants, and others, whether or not appointed as agents of the IDA.

Include only the **total combined** exemptions obtained by the above people. A breakdown of the total is not required. However, since the report must include the value of the exemptions they obtained, you must keep records of the amounts others report to you.

You must make it clear to the contractors, subcontractors, consultants, and others that they must keep accurate tax information and have it available, so that you can comply with the annual reporting requirements.

Do not include on this report the amount of any sales and use tax exemptions from other provisions of the Tax Law (for example, manufacturer's production equipment exemption, research and development exemption, or contractor's exemption for tangible personal property incorporated into a project of an exempt organization).

When the report is due

You must file Form ST-340 on a calendar-year basis. It is due by the last day of February of the following year. The reporting requirement applies to IDA projects started on or after July 21, 1993.

Project information

At the top of the form, identify the reporting period by entering the year in the space provided. If an address is required, always include the ZIP code.

Name of IDA agent/project operator: Enter your name, address, employer identification number (EIN), and telephone number.

Name of IDA and IDA project number: Enter the name and address of the IDA. If more than one IDA is involved in a particular project, you must file a separate report for the tax exemptions attributable to each IDA. Also enter the ID project number.

Name of project: Enter the name of the project and the address of the project site. If you are involved in more than one project, you must file a separate report for each project, even if authorized by the same IDA.

Date project began: Enter the date the project started (this means the earliest of the date of any bond or inducement resolution, the execution of any lease, or any bond issuance). Include month, day, and year.

Completion date of project: Enter the date installation, lease, or rental of property (for example, machinery or computers) on the project ended, or the date the project is expected to be completed. Mark an ***X*** in the appropriate box to indicate if the date entered is actual or expected.

Total sales and use tax exemptions: Enter the total amount of New York State and local sales and use taxes exempted during the reporting period as a result of the project's receipt of IDA financial assistance *(if none, enter **0**)*. This includes exemptions obtained at the time of purchase, as well as through a refund or credit of tax paid. Include the sales and use taxes exempted on purchases of property or services incorporated into or used on the exempt project. This includes the taxes exempted on purchases made by or on behalf of the agent/project operator, the general contractor for the project, and any subcontractors, consultants, or others. Do **not** enter total purchases.

Representative information

If applicable, enter the name, address, title (for example, attorney or accountant), and telephone number of the individual you authorize to submit this report. This section is not required.

Certification

Enter the name and title of the person signing on your behalf (for example, the IDA agent/project operator's officer, employee, or other authorized representative). Your officer, employee, or authorized representative must sign and date the report.

Mail completed report to:

Instructions

To the purchaser

You may use Form FT-123 if you:

- have been appointed as an agent or project operator by an industrial development agency (IDA) and
- the purchases qualify for exemption from excise taxes and sales and use tax as described in the IDA contract.

You may use Form FT-123 as a single-purchase certificate or as a blanket certificate covering the first and subsequent purchases qualifying for the project listed.

Agent or project operator sales tax ID number – If you are registered with the Tax Department for sales tax purposes, you must enter your sales tax identification number on this certificate. If you are not required to be registered, enter ***N/A***.

Industrial development agencies and authorities (IDAs) are public benefit corporations under General Municipal Law Article 18-A and the Public Authorities Law, for the purpose of promoting, developing, encouraging, and assisting in the acquisition, construction, reconstruction, improvement, maintenance, equipping, and furnishing of industrial, manufacturing, warehousing, commercial, research, and recreational facilities in New York State.

IDAs are exempt from the payment of sales and use tax on their purchases. However, IDAs do not normally make direct purchases for projects. Commonly, an IDA instead appoints a business enterprise or developer, contractor, or subcontractor as its agent or project operator. Such purchases made by the agent or project operator, acting within the authority granted by the IDA, are deemed to be made by the IDA and therefore exempt from tax. Purchases made by an agent or project operator to operate a business after the project is completed are subject to tax.

> **Example:** *An IDA agreement with its agent, Contractor X, states that Contractor X may make all purchases of materials and equipment necessary for completion of the project as agent for the IDA.*
>
> *Contractor X purchases non-highway diesel motor fuel for use in construction equipment that will be used to prepare the site for construction. Since the fuel is being used to complete the project, Contractor X may purchase the fuel exempt from taxes.*
>
> *When the project is completed, Contractor X purchases motor fuel and highway diesel motor fuel for use in snowplows and other maintenance vehicles used to maintain the parking lots for the business. Contractor X may not purchase this fuel exempt from tax because it is being used to operate, not to complete, the project.*

Exempt purchases

To qualify for exemption, the purchases must be made within the authority granted by the IDA and used to **complete** the project, but not to **operate** the completed project.

Box A – *Motor fuel* is gasoline, benzol, reformulated blend stock for oxygenate blending, conventional blend stock for oxygenate blending, E85, fuel grade ethanol that meets the ASTM International active standards specification D4806 or D4814, or other product which is suitable for use in the operation of a motor vehicle engine. If you are purchasing motor fuel exempt from tax, mark this box.

Box B – *Highway diesel motor fuel* is any diesel motor fuel that is **not** non-highway diesel motor fuel. If you are purchasing highway diesel motor fuel exempt from tax, mark this box.

Box C – *Non-highway diesel motor fuel* is any diesel motor fuel designated for use other than on a public highway, and is dyed diesel motor fuel. If you are purchasing non-highway diesel motor fuel exempt from tax, mark this box.

Diesel motor fuel is No. 1 diesel fuel, No. 2 diesel fuel, biodiesel, kerosene, fuel oil, or other middle distillate, and also motor fuel suitable for operating a diesel engine. Diesel motor fuel does not include any product specifically designated "No. 4 diesel fuel."

Box D – *Residual petroleum product* means the topped crude of refinery operations, including No. 5 fuel oil, No. 6 fuel oil, bunker C, and the special grade of diesel product designated as No. 4 diesel fuel, that is not suitable for use in the operation of a motor vehicle engine. If you are purchasing residual petroleum product exempt from tax, mark this box.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A $50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You **must** identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

Purchases made by an agent or project operator to operate a business after the project is completed are subject to tax.

Example: *An IDA agreement with its agent, Contractor X, states that Contractor X may make all purchases of materials and equipment necessary for completion of the project as agent for the IDA.*

Contractor X purchases non-highway diesel motor fuel for use in construction equipment that will be used to prepare the site for construction. Since the fuel is being used to complete the project, Contractor X may purchase the fuel exempt from taxes.

When the project is completed, Contractor X purchases motor fuel and highway diesel motor fuel for use in snowplows and other maintenance vehicles used to maintain the parking lots for the business. Contractor X may not purchase this fuel exempt from tax because it is being used to operate, not to complete, the project.

Exempt purchases

To qualify for exemption, the purchases must be made within the authority granted by the IDA and used to **complete** the project, but not to **operate** the completed project.

Box A – *Motor fuel* is gasoline, benzol, reformulated blend stock for oxygenate blending, conventional blend stock for oxygenate blending, E85, fuel grade ethanol that meets the ASTM International active standards specification D4806 or D4814, or other product which is suitable for use in the operation of a motor vehicle engine. If you are purchasing motor fuel exempt from tax, mark this box.

Box B – *Highway diesel motor fuel* is any diesel motor fuel that is **not** non-highway diesel motor fuel. If you are purchasing highway diesel motor fuel exempt from tax, mark this box.

Box C – *Non-highway diesel motor fuel* is any diesel motor fuel designated for use other than on a public highway, and is dyed diesel motor fuel. If you are purchasing non-highway diesel motor fuel exempt from tax, mark this box.

Diesel motor fuel is No. 1 diesel fuel, No. 2 diesel fuel, biodiesel, kerosene, fuel oil, or other middle distillate, and also motor fuel suitable for operating a diesel engine. Diesel motor fuel does not include any product specifically designated "No. 4 diesel fuel."

Box D – *Residual petroleum product* means the topped crude of refinery operations, including No. 5 fuel oil, No. 6 fuel oil, bunker C, and the special grade of diesel product designated as No. 4 diesel fuel, that is not suitable for use in the operation of a motor vehicle engine. If you are purchasing residual petroleum product exempt from tax, mark this box.

Misuse of this certificate

Misuse of this exemption certificate may subject you to serious civil and criminal sanctions in addition to the payment of any tax and interest due. These include:

- A penalty equal to 100% of the tax due;
- A $50 penalty for each fraudulent exemption certificate issued;
- Criminal felony prosecution, punishable by a substantial fine and a possible jail sentence; and
- Revocation of your *Certificate of Authority*, if you are required to be registered as a vendor. See TSB-M-09(17)S, *Amendments that Encourage Compliance with the Tax Law and Enhance the Tax Department's Enforcement Ability*, for more information.

To the seller

When making purchases as agent or project operator of an IDA, the purchaser must provide you with this exemption certificate with all entries completed to establish the right to the exemption. You **must** identify the project on each bill and invoice for such purchases and indicate on the bill or invoice that the IDA or agent or project operator of the IDA was the purchaser.

As a New York State registered vendor, you may accept an exemption certificate in lieu of collecting tax and be protected from liability for the tax if the certificate is valid. The certificate will be considered valid if it is:

- accepted in good faith;
- in your possession within 90 days of the transaction; and
- properly completed (all required entries were made).

An exemption certificate is accepted in good faith when you have no knowledge that the exemption certificate is false or is fraudulently given, and you exercise reasonable ordinary due care. If you do not receive a properly completed certificate within 90 days after the delivery of the property or service, you will share with the purchaser the burden of proving the sale was exempt.

You must also maintain a method of associating an invoice (or other source document) for an exempt sale with the exemption certificate you have on file from the purchaser. You must keep this certificate at least three years after the due date of your sales tax return to which it relates, or the date the return was filed, if later.

Off-Site Commercial Solar Photovoltaic Policy

[See Attached]

Tompkins County
Industrial Development Agency

Off-Site Commercial Solar Photovoltaic Policy
Adopted: October 12, 2017

Purpose

The Tompkins County Industrial Development Agency (IDA) wishes to adopt an off-site commercial solar photovoltaic policy to encourage solar development for the following purposes:

1. Support New York State's "Reforming the Energy Vision" Initiative, which is intended to encourage renewable energy development that will spur economic growth and develop new energy business models. The initiative sets statewide goals of cutting greenhouse gas emissions by 80% by 2050 and generating 50% of New York's electricity from renewables by 2030.
2. Support Tompkins County's energy and greenhouse gas emissions policy to "meet community needs without contributing additional greenhouse gases to the atmosphere." The policy includes goals to:
   - Reduce greenhouse gas emissions to reach a minimum 80 percent reduction from 2008 levels by 2050 and reduce reliance on fossil fuels across all sectors.
   - Increase the use of local and regional renewable energy sources and technologies.
3. Support consumer choice for renewable energy generation.
4. Administer a single countywide uniform tax exemption policy allowing municipalities to collect long-term predictable payments in lieu of taxes without the burden of developing and administering PILOT agreements at the municipal level.
5. Assist project developers by offering a single countywide tax exemption policy, eliminating the need to negotiate PILOTS with multiple taxing jurisdictions.
6. To enhance developers' prospects for financing community distributed generation projects by offering a uniform PILOT structure that is simple, predictable, and more appealing to lenders.

Policy

This policy provides incentives for off-site solar projects that provide renewable energy benefits to residential and commercial customers. Eligible projects are commercial scale projects, generally two megawatts or less, as outlined in state law. Types of eligible projects include:

- Community distributed solar /shared solar
- Off-site generation projects that have a wholesale power purchase agreement with one or more users.

To respect variations in local municipal policy, each project application must include a letter from the host municipality endorsing the proposed payment in lieu of tax agreement with the IDA. It is strongly encouraged that applicants provide a preference or pre-offering to Tompkins County residents.

Tompkins County
Industrial Development Agency

The following standard incentives will be offered:

Property Tax:	Real estate taxes on the increased value resulting from improvements are partially abated over a twenty (20) year period. The annual payment in lieu of taxes (PILOT) will range from $4,200 to $4,800 per megawatt (MW) of the facility's nameplate capacity, with a 2% increase each year. PILOT payments replace local, county, and school district taxes only; special district taxes are not eligible under the PILOT. The actual amount will depend on projected annual revenue.
Sales Tax:	Exemption from State and local sales tax on project costs outlined in the IDA Policies and Procedures.
Mortgage Recording Tax:	Exemption from the State share of the mortgage recording tax as outlined in the IDA policies and Procedures.

Fees

The applicant is responsible for paying the IDA Administrative Fee at the time of closing. The fee will be equal to .50% of the total value of expenses that are positively impacted by IDA incentives. The applicant is also responsible for paying the IDA for all legal costs it incurs including IDA Counsel.

Other

Unless specifically outlined in this policy, the applicant will be responsible for complying with all other rules and regulations as set forth in the IDA's Policies and Procedures.

Local Labor Utilization Policy

Local Labor Utilization Policy
Adopted: April 14, 2016

Policy is to apply to all IDA applications.

Applicants are encouraged to hire locally wherever possible. Applicants must solicit construction bids from local subcontractors and submit monthly construction labor reports during the construction period. This is an effort to collect data regarding local construction labor utilization. There is no minimum or maximum local construction labor utilization requirement.

Local is defined as anyone residing in Tompkins County, or any of the 6 contiguous counties of Cayuga, Seneca, Schuyler, Chemung, Tioga, and Cortland Counties. Zip codes will be used to determine local labor utilization rates. The IDA recognizes that some zip codes reach into other non-contiguous counties, but determined this to be a relatively adequate indicator.

The following reporting information will be required:

Proof of Local Bids
The general contractor will provide (in a format acceptable to the IDA) a bid list with the name, address, contact information and detail of type of work for all firms that were solicited and documentation that an 'invitation to bid' was sent. If there are categories or types of work for which no bid was solicited from a local firm, a written explanation must be attached (i.e. no firms locally provide that service).

Construction Labor Reporting
The general contractor will provide monthly payroll reports for workers for all contractors and subcontractors on site. Monthly reports will cover any pay periods ending during that month. Reports will be submitted within 30 days of the end of each month during construction. The reporting format will be provided by the IDA and will include a written certification, similar to a certified payroll report. Reports will include the name of the individual or an identifying number, total hours, gross amount earned, and zip code of residence.

Electronic construction labor reporting forms may be obtained by contacting heatherm@tcad.org.
