In accordance with Section 10 of the General Municipal Law, all deposits of the Agency (including certificates of deposit and special time deposits) in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured as follows:

3. By an eligible surety bond payable to the Agency for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations. Safekeeping and Collateralization.

Eligible securities used for collateralizing deposits shall be held by the depository and/or third party bank or trust company subject to security and custodial agreements as described below.

1. Security Agreement Requirements. The security agreement shall provide that eligible securities are being pledged to secure Agency deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the Agency to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the Agency, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the depository or its custodial bank.

2. Custodial Agreement Requirements. The custodial agreement shall provide that securities held by the bank or trust company, as agent of and custodian for the Agency, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The custodial agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The custodial agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the Agency a perfected interest in the securities and may include such other terms as the Agency Board deems necessary.
